

AFSCME Local 3634 Believes in Community

AFSCME Local 3634 was organized in 1999. We represent 788 METRO first-line Supervisors. This group Supervises primarily Bus and Rail Operators and Mechanics, including 35 other Operations support units.

From our inception, we have made it a point to be involved with the greater community in Los Angeles County.

We continue to seek opportunities with non-profit groups that benefit both parties. Our latest venture was a donation to Benjamin Franklin High School (special needs program) for athletes, the program is called Inclusive Sports Program (IS) and is added on to the traditional track and field team.

Amino College Prep academy, this donation was to help 9th and 11th grade student to go on a College tour.

Project fighting chance is based in San Bernardino, because of our contribution, six (6) young boxers can prepare for the Junior Olympics.

AFSCME Local 3634 is a proud sponsor of education.
